It gives me immense joy to introduce to the corporate world the batch of 2018-2020 management professionals from ST. Francis Institute of Management & Research (SFIMAR). When the aspiring students enter the portals of B-Schools, they have the innate desire to get in to a good company and secure a good package towards the end of their professional studies in management.

We are thankful to the Industry for providing our students Internship, guidance, support and final placement. It is heartening to note that some of the companies are giving training to our students and subsequently absorbing the potential students in their companies. Our sincere thanks to all our Industry representatives who are the members of our Internal Quality Assurance Cell, Placement Advisory Council, College Development Committee etc. We have a strong Alumni network. We are indebted and ever so grateful to all our Industry partners who recruit our students' year to year since 2004 onwards and continuously giving us inputs to acquire capabilities and skills necessary to convert their knowledge in to wholesome actions and attitudes. The Institute has a robust Career Management Centre manned efficiently by the team of in-house professionals, supported by the Institutes' Director, Students Placement Support Team, Placement Review Committee, Placement Advisory Committee, Faculty members and Parents etc.
