Bro. Alphonse Nesamony
Chairman, SFIMAR

It is a matter of great joy despite the recent pandemic covid-19 situation; India is determined to become 'Self Reliant' to propel India to the forefront as the PRIMARY source of meeting all global needs and requirements through innovative ideas and research. Since the Month of March 2020 shows the rise in creativity, innovations, and preparedness of People, Industry, Scientists, Researchers and Student- -Researchers who have labored to manufacture adequate Personal Protective Equipment, N95 mask and ventilators etc. We have witnessed thousands of Corona Warriors who have selflessly served day & night to save lives even at the extent of risking their own lives. Despite all turmoil and fear; India is bouncing back stronger than ever to become a global economy and spiritual powerhouse. Now we have a 'New Education Policy' which will be a road map for all of us to make India 'Atmanirbhar'.

We at St. Francis Institute of Management and Research, the college administration and teachers have left no stone unturned to complete the sessions through online mode. Entire teaching fraternity and student community decided to adjust and adapt to the new situations. Above all the focus was to create an ecosystem to keep a positive attitude and remain productive more and more. Thus, a stable mind can become creative, innovative and enterprising. Students were inducted into the experiential and contemporary innovations which were on the rise during the time of pandemic Covid-19. The sessions were conducted through webinars by eminent professionals from the field.

AICTE, ASSOCHAM, BCCI, IMC, CII and many other forums and organizations supported us with knowledge sharing, providing up-skilling opportunities for teachers and students, availing of e-newspaper Central and State Government advisories, and SOP's etc. All the information was filtered and shared with students for their overall learning, good health and wellbeing. The students could understand the current status of economy and industry as well as the policies of the Government and Reserve Bank of India. It has helped us to keep up the momentum for upward mobility, towards facilitating students to experience a new way of doing 'Summer Internship' efficiently from home. The training and placement department toiled hard to connect the students with Industries. Apart from that all our final year passing out students have succeeded to get good placement opportunities in top industries.

We are privileged to accompany brilliant student's year to year on their career path as they are capable of achieving national and international placements. We are immensely grateful to our Industry partners and our institute's Alumni for their wholehearted support to our management professionals, thus to our Institute and nation.

More than ever we rely now on your steadfast support of absorbing our students of Batch 2020-22 in your establishments. They are well equipped to take forward their respective assignments in the spirit of "Atmanirbhar Bharat ". May God bless you!

Sangeeta Varma
Manager,
Corporate Relations & Placements (MCRP)

Dear Industry Partner,

It is a matter of great pride and privilege to invite you to partner with us and make our students of Batch 2022 an integral part of your esteemed organization's growth process.

We are happy to share that despite pandemic, our students of Batch 2021 succeeded in bagging final placement in companies of repute, achieving higher remunerations as compared to the previous years. The Batch 2022 was privileged to get 180 'Work from Home' corporate projects for their summer internship. The companies regularly recruiting from SFIMAR have shown the same interest in recruitment from the institute as earlier years.

This undoubtedly speaks about the trust in the quality of the product of SFIMAR i.e. it's students. We thank all our recruiters for believing in SFIMAR and strengthening the bond of trust year by year.

To meet up the pandemic challenges, the Institute is focused to enhance the capability of its students by training them as per the current requirements of the industry so that they are more productive even working remotely. Student Skill Development Programme (SSDP) is the most desired offering of the institute that brings tailor-made trainings & certifications to the students.

Career Management Centre (CMC) assists corporate in identifying and connecting them with the right talent digitally while at the same time helping students identify and match their interests & abilities and honing their skill sets to meet job-specific opportunities.

SFIMAR brings you the professionals, with a varied talent pool and we trust that they will more than meet your expectations.

SFIMAR talent you recruit today will surely be an asset to your organization tomorrow!

CAREER MANAGEMENT CENTRE (CMC)

The Career Management Centre (CMC) is the liaison between our highly diverse talent pool of students, alumni and employers who benefit from their expertise.

CMC helps recruiting companies for their promotion on the campus and handles the entire placement process online. CMC assists companies by providing the following services:

- Online Corporate Presentations
- Online Selection Process
- Sharing of Promotional Material with Students
- Corporate On-boarding - Training by Companies on their Profiles & Recruitment
- Online Tests
- Screening of Students
- Live Projects

To Our Patrons

If you are looking to recruit:

Tap into SFIMAR's world-class talent pool. Recruit high-caliber personnel for employment, or short/long-term assignments and Live projects.

Career Management Centre (CMC) is your "**one-stop shop**" for all your recruiting needs. We are dedicated to serve the specific needs of recruiters searching for the future leadership of their organizations. To reach out and communicate with the students and in turn to increase your visibility on our campus, you can explore the following methods:

Promotions -

Companies are welcome to reach CMC prior to their actual recruitment process, to promote their company through corporate presentation, thus sharing information about the company, job opportunities required skillset & selection process.

This will be beneficial to both the company as well as the students in taking right decisions. Book a day & time slot today with us for final & summer placement.

Sharing Published Material -

Company brochures, pamphlets and other published material are an effective way of disseminating information about the company. Such matters can be sent as a soft copy for sharing with students.

Corporate On-Boarding: CMC hosts a special programme viz. 'Corporate Onboarding' through which students are apprised of organization culture and required skills by the Corporate Partners.

It enables students to have a decent understanding about the actual job profile and they learn to innovate and think critically for better business solutions and efficient use of resources, resulting in higher and sustainable productivity. This unique programme hugely benefits companies and industry recruiters as it ensures that every recruitment at SFIMAR is a closely tailored solution to every job opportunity. With this programme, students are equipped to become effective organizational members when they join. **The benefits are higher job satisfaction, better job performance, greater organizational commitment for employees and low attrition rates for employers.**

For confirming the promotional dates and to know more about the recruitment and internship process please contact the CMC staff or write to us at placements@sfimar.org
